

Finalization of Guidelines for Enlistment of Contractors in Road Furniture/Road Safety Works

This office has received the application for enlistment of M/s Shivam Enterprises Rajpura in category of Road furniture Works for Class-I and it was sent to office of Superintending Engineer Construction Circle-1 Patiala for scrutnization of documents. Vide memo No. 25, Dated 05.04.2019, office of Supretending Engineer,Construction Circle-1 Patiala has recommended the case for enlistment.

As per instructions of Enlistment, agency can be enlisted in category of Road /Building/Bridge/Furniture & Interior Decoration/Horticulture & Landscaping and Electrical Works under different classes subject to satisfaction of requisite credentials by agency. In the instructions of enlistment-2016,category of road furniture is not explicitly mentioned.Further,as clause 7.4 of Instructions of Enlistment states as under:-

“The Enlistment Authority shall have the power to add for additional sub-categories depending upon having executed the eligible works and acquiring of the machinery and equipment by the contractor”

So in order to remove further confusion and ambiguity, there is need to frame guidelines as per clause 7.4 by considering Road Furniture as additional sub category of Road Works.Considering the road furniture as additional sub category of Road Works, it is proposed that except Machinery, all credentials of Road Works should be taken on similar lines for application of Road Furniture Works. For Works, agency should have executed similar works. For machinery, a set of guidelines is required.Hence it was decided to call the meeting of Enlistment Authority to finalize the guidelines of machinery for Road Furniture works. Further ,the Enlistment Authority consisting of Chief Engineer(PRBDDB),Chief Engineer(South) and Superintending Engineer, Construction Circle-1 Patiala held its meeting on 03/05/2019,in which Er. Karan Mittal,SDE PRBDDB was also present.The matter was discussed thoroughly and it was decided that the agency shall have required experience in the category of Road furniture/Road Safety works as per requirement of class in which they apply as per other Road Works Category.Further it was decided that following machinery in the Road Furniture Works should be owned by the agency:-

Class	Machinery	
I	Machinery Required	Minimum no. of Ownership

Let 3/5/19

	Automatic Thermo Plastic Paint Laying Machine	1												
	Power Drill	5												
	Retro reflecto Meter for Pavement Marking	1												
	Retro reflecto Meter for road Signs	1												
	Plotter for auto Sign cutting	2												
	Air compressor with spray painting	4												
	Road Marking Machine with all Road Safety Equipments	4												
	Applicator for sign Boards	2												
	Tape Roll Cutting Machine	2												
	Traffic Jet Print Machine	1												
II	<table border="1"> <thead> <tr> <th>Machinery Required</th> <th>Minimum no. of Ownership</th> </tr> </thead> <tbody> <tr> <td>Automatic Thermo Plastic Paint Laying Machine</td> <td>1</td> </tr> <tr> <td>Power Drill</td> <td>3</td> </tr> <tr> <td>Retro reflecto Meter for Pavement Marking</td> <td></td> </tr> <tr> <td>Retro reflecto Meter for road Signs</td> <td>1</td> </tr> <tr> <td>Plotter for auto Sign cutting</td> <td>1</td> </tr> </tbody> </table>		Machinery Required	Minimum no. of Ownership	Automatic Thermo Plastic Paint Laying Machine	1	Power Drill	3	Retro reflecto Meter for Pavement Marking		Retro reflecto Meter for road Signs	1	Plotter for auto Sign cutting	1
